

USB 3.0 to HDMI and LAN Combo

AN3910

This USB 3.0 to HDMI + LAN combo is a product in between a docking station and an adapter. It has many flexible applications and is cost effective. Its HDMI video output enriches the user experience. Its bus power design is convenient for travelers, and does not require the users to purchase another power adapter. By including an RJ45 Ethernet port, gigabit network can be accessed through the USB port. Overall, it is a powerful and user friendly product.

*Incorporates HDMI® technology.

Features

- USB 3.0 upstream connection x 1
- HDMI port, resolution up to 2048 x 1152
- Gigabit Ethernet port, support 10/100/1000 Mbps data transfer.
- USB bus-powered
- USB 3.0 is backward compatible with USB 2.0
