

USB-C 10-in-1 Mini Dock

VSD5480

USB-C 10-in-1 Mini Dock with PD Pass-Through

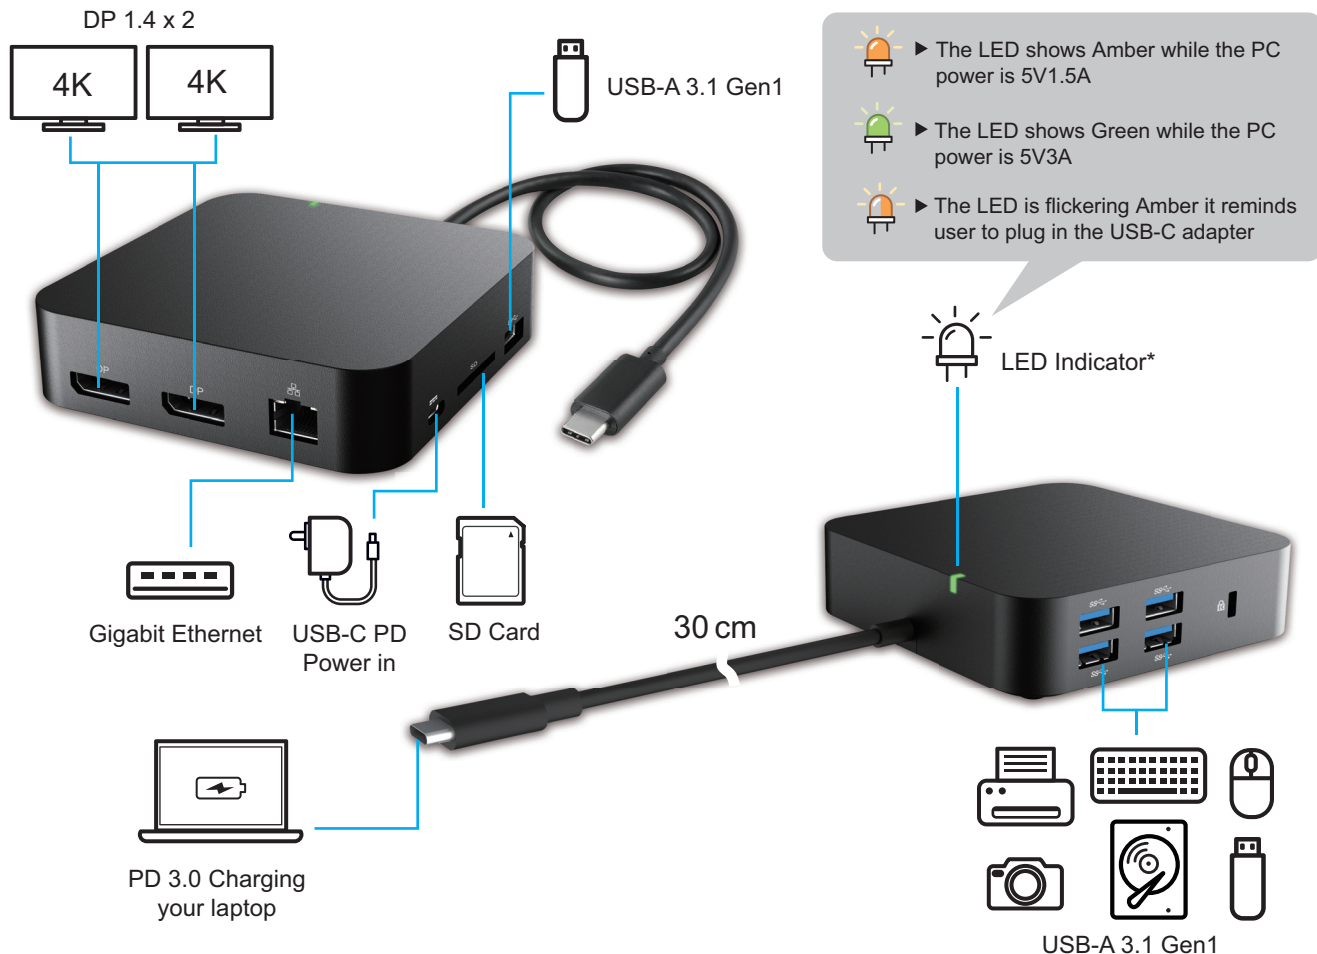

The VSD5480 is a portable design between the office and home. A mobile office can be set up in seconds with a single USB-C connection.

It supports the multi-video output (DP) and also has an Ethernet LAN port. In addition, the VSD5480 mini dock has 3 USB3.1 Type-A connectors and 2 USB2.0 Type-A connectors. Has a combo slot (SDHC4.0) card reader for data transfer equipment.

Highlight:

- Stylish with portable design
- LED indicator power supply status
- PD3.0 PD pass-Through charging your laptop
- Multi-I/O for USB devices, LAN connectivity, and dual display ports
