

DBD1335

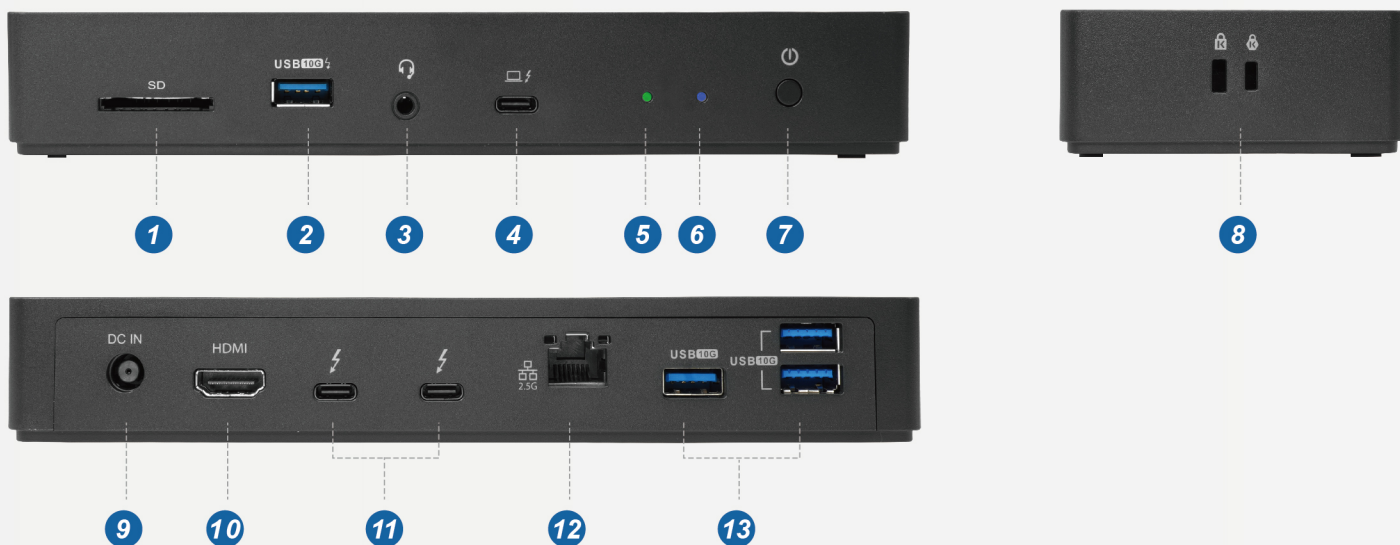

Thunderbolt 4 / USB4 Dock Pro

The DBD1335 Dock Pro stands out for its exceptional performance and high-speed connectivity, simultaneously delivering a rapid 96W power delivery to charge laptop. By utilizing plug-and-play Thunderbolt 4 / USB4 downstream ports, this docking station allows you to connect Thunderbolt and USB-C devices, boasting 40Gbps data transfer speed, and extend your content to dual monitors with 4K60Hz resolution, effortlessly enhancing productivity. Furthermore, its HDMI port supports a single monitor with a stunning 8K30Hz resolution as specified in HDMI 2.1. With its four legacy USB-A ports, the DBD1335 simplifies cable management and offers versatile connectivity for various USB devices. Additionally, the built-in SD card reader, Ethernet RJ45 connector, and audio jack increase flexibility and convenience in your work setup. The DBD1335, designed with good mobility, is the dependable docking solution for both professional and home use.

Feature

- Thunderbolt 4, compatible with USB4 and boasting 40Gbps data transfer speed, delivers rapid charging, fast data transfer, and excellent video display
- The front USB-C port supplies 96W of laptop power without an extra adapter
- The HDMI with DSC pass through supports up to 8K30Hz resolution as specified in HDMI 2.1
- Expand content across three monitors with the built-in HDMI and two USB-C ports
- Conveniently connect USB devices with four legacy USB-A ports
- Built-in SD card reader and 2.5Gbe Ethernet enhance flexibility
- Lightweight casting design enhances mobility
